# LOCAL GOVERNMENT WORKPLACE SOLUTIONS

## FOR LOCAL GOVERNMENTS AUSTRALIA-WIDE

We have the resources and expertise to find the right candidates to fill professional Local Government vacancies Australia-wide. From the search to the checks to the shortlisting and pre-interviews, we can make it easy for you. And yes, we can even take care of the visa administration for overseas candidates.

### SNAP SHOT

#### WHAT WE CAN DO FOR YOUR LOCAL GOVERNMENT:

- ✓ Identify/conduct search for applicants for professional positions
- ✓ Conduct background checks
- ✓ Shortlist and pre-interview candidates
- ✓ Provide visa administration support

## FINDING THE RIGHT CANDIDATES

Local Government Workplace Solutions is a service unit of the Western Australian Local Government Association (WALGA). To support the Local Government sector in its critical skill shortage positions, the Association has successfully operated an overseas recruitment program since 2006.

The Service includes:

- online marketing
- attendance at targeted overseas employment expos
- visa administration management

Job ready candidates are:

- pre-interviewed to ensure matching skills and experience not only for the relevant position but the community and organisation
- background and other relevant checks conducted

The Association's inclusion on working parties and consultation groups with the Department of Immigration and Citizenship and State Government departments ensures that the Local Government sector's needs are voiced.

We have successfully targeted, sourced and placed candidates in those critical skill shortage positions which are eligible for the temporary visa process. Such as; Urban and Regional Town Planners, Civil Engineers, Environmental Health Officers, Building Surveyors and Accountants.

After providing candidates to the Local Governments we carry out the visa administration management on behalf of the Local Government and the applicant.
